

Florida Coastal Ocean Observing Systems Consortium Caucus 11 Estuarine Systems & Coastal Lagoons

July 11 & 12, 2007

Hosted by University of North Florida, College of Computing Engineering and Construction
Meeting location: UNF University Center (at the south end of the Campus)
Jacksonville, Florida

AGENDA

11 July, 2007

- 12:30 PM Registration, UNF University Center
- 1:00 PM Welcome and Logistics, Neal Coulter Dean, CCEC
- 1:15 PM UNF Engineering School Initiatives, Steve Nix
- 1:35 PM FLCOOS Consortium Update, George Maul, FIT
- 1:40 PM Keynote Speaker: Imeh Ebong, Vice-President for Research, UNF
- 2:10 PM Break
- 2:30 PM The Lower St Johns River, Neil Armingeon, Riverkeepers
- 2:50 PM Research at the Guana Tolomato Matanzas NERR, Rick Gleeson, GTMNERR
- 3:10 PM UNF Coastal Biology, Dan Moon, UNF
- 3:30 PM Diamond Back Terrapins: Problems and Solutions, Joe Butler, UNF
- 3:50 PM Mycrocystis blooms in the St. Johns River, Dale Casamatta, UNF
- 4:10 PM Microbial Biofilms as Monitors of Estuarine Ecosystem Condition, Richard Snyder, UWF
- 4:30 PM Initial Audience Discussion on FLCOOS Strategic Plan

- 5:30 PM - 7:00 PM Posters & Evening Reception at the UNF University Center

12 July, 2007

- 8:30 AM Registration and continental Breakfast
- 9:00 AM UNF Environmental Center and AWIS Lab, David Lambert, UNF
- 9:30 AM CoCoRAHS in Florida, Melissa Griffin, Assistant State Climatologist, FSU
- 9:50 AM Coastal Lagoons, Gary Zarillo FIT
- 10:10 AM SECOORA Update, Parker Lumpkin, South Carolina Sea Grant
- 10:30 AM Break
- 10:45 AM Audience Discussion on Estuarine Systems and Coastal Lagoons, the State Coastal Monitoring Framework, and COOS, Moderator, Jyotika Virmani, FLCOOS Consortium
- 11:15 AM Continued Discussion on FLCOOS Strategic Plan
- 12:10 PM Closing Remarks - Pat Welsh, UNF
- 12:15 PM Adjournment
