

Project Oceanography

Fall 2001

Table of Contents

Unit One—Hydrodynamics

| | |
|---|----|
| Program 1-Introduction to Seagrasses | 1 |
| Description of Seagrasses | 3 |
| Importance of Seagrass Beds | 4 |
| Loss of Seagrass Beds | 5 |
| Activity-Ecosystems for All | 7 |
| Student Page-Seagrass Beds | 9 |
| Program 2-Fun with Flumes | 10 |
| Florida Seagrasses | 10 |
| Tidal Flow | 11 |
| Field Flume..... | 13 |
| Activity-No Slipping Allowed | 14 |
| Student Page-Water Velocity | 15 |
| Program 3-Adapted Animals | 16 |
| Life's a Drag | 16 |
| Sessile and Motile Animals | 17 |
| Rigid and Flexible Animals | 19 |
| Activity-Creative Creatures | 20 |
| Student Page-Sea Anemone Life Strategy | 21 |
| Vocabulary | 22 |
| References | 26 |

Unit Two-Reef Fish Management

| | |
|---|----|
| Program-Snapper | 27 |
| Snapper Life History and Ecology | 28 |
| Otoliths as Research Tools | 29 |
| Current Snapper Study..... | 30 |
| Activity-Dichotomous Key | 33 |
| Student Page-Sport Fish Restoration Programs | 37 |
| Vocabulary | 38 |
| References | 39 |

Unit Three-Migration Studies

| | |
|---|----|
| Program-Sea Turtles | 40 |
| Introduction to Sea Turtles | 41 |
| Sea Turtle Life History | 42 |
| Sea Turtle Tracking | 44 |
| Activity-The Lungs Have It | 47 |
| Activity-Migration Fascination | 49 |
| Student Page-Sea Turtles Beware..... | 51 |
| Vocabulary | 52 |
| References | 53 |

Unit Four-Insects

| | |
|--|----|
| Program-Aquatic Insects..... | 54 |
| Insects and their Habitats | 55 |
| Aquatic Insect Adaptations | 57 |
| Life Cycles | 59 |
| Activity-Insect Observation..... | 61 |
| Activity-Tools of the Trade | 62 |
| Student Page-Incredible Insects | 64 |
| Vocabulary | 65 |
| References | 67 |

Unit Five-Consortium of Oceanographic Activities for Students and Teachers (COAST)

| | |
|---|----|
| Program 1-Blue Crabs | 69 |
| What is a Blue Crab? | 70 |
| The Life History of Blue Crabs | 71 |
| The Commercial Blue Crab Fishery | 73 |
| Activity-Blue Crab Dissection | 75 |
| Student Page-Blue Crabs..... | 77 |
| Vocabulary | 78 |
| References | 80 |
| Program 2-Horseshoe Crabs | 81 |
| What is a Horseshoe Crab? | 81 |
| Biology/Life History of the Horseshoe Crab..... | 82 |
| Commercial Importance of Horseshoe Crabs | 84 |
| Activity-Horseshoe Crab “Hands On” | 86 |
| Activity-Biodiversity Quiz | 87 |

| | |
|--|-----|
| Student Page-Horseshoe Crabs | 89 |
| Vocabulary | 90 |
| References | 91 |
| Program 3-Coastal Hazards: Hurricanes | 92 |
| What is a Hurricane?..... | 92 |
| What are the Impacts of Hurricanes?..... | 93 |
| How Do Communities Prepare for Hurricanes? | 95 |
| Activity-Hurricane Georges Web Quest | 97 |
| Student Page-Hurricanes | 99 |
| Vocabulary | 100 |
| References | 103 |

Unit 6-Science Standards with Integrative Marine Science (SSWIMS)

| | |
|---|-----|
| Program-Plankton | 104 |
| Plankton Introduction..... | 105 |
| Phytoplankton..... | 106 |
| Zooplankton..... | 107 |
| Activity-Design and Construct a Plankter | 108 |
| Activity-Plankton Identification | 110 |
| Student Page-Plankton | 116 |
| Vocabulary | 117 |
| For the Teacher..... | 119 |
| SSWIMS Overview | 119 |
| Plankton as an Appropriate Standards Topic..... | 119 |
| National Science Content Standards | 120 |
| California Science Content Standards | 121 |
| References | 122 |
